GREATER THAN 95% METAL**	0,05	0,04	0,04	0,05

Valdelia

GARANTIR LA SECONDE VIE DES PRODUITS

SEATING

Seating comprises professional furniture for seating purposes.

STORAGE

Storage comprises cabinets, chests, trolleys and side tables.

WORKTOPS & COUNTERS

Worktops and counters comprises desk and table components and other particular surfaces such as writing boards.

OTHER

Other furniture that is not part of any of the three main Valdelia families (fitting room, polling booth, etc.). This “other products” family is very small.

If a product does not contain more than 50% of a majority material, it will be categorised as « others - no majority material ».

* Scale for mattresses and bed bases

** The scale « greater than 95% metal » only applies to functional sets, not to components. Valdelia defines a unit as a functional set. For example: a desk is deemed to be a unit; the desktop and legs form part of the same functional unit.
