

2022, 2023 & 2024 ECO-CONTRIBUTION SCALES

By Valdelia family & sub-families, scale applicable on 1st January 2024 (price in € ex-VAT/kg)

	SEATING	STORAGE	WORKTOPS & COUNTERS	OTHER
GREATER THAN 50% OTHERS NO MAJORITY MATERIAL	0,17	0,17	0,16	0,21
GREATER THAN 50% PLASTIC	0,16	0,16	0,15	0,19
GREATER THAN 50% WOOD	0,15	0,15	0,14	0,18
GREATER THAN 50% METAL	0,14	0,13	0,13	0,14
GREATER THAN 95% METAL*	0,05	0,04	0,04	0,05

* The scale « greater than 95% metal » only applies to functional sets, not to components. Valdelia defines a unit as a functional set. For example: a desk is deemed to be a unit; the desktop and legs form part of the same functional unit.

- **SEATING** : Seating comprises professional furniture for seating purposes.
- **STORAGE** : Storage comprises cabinets, chests, trolleys and side tables.
- **WORKTOPS & COUNTERS** : Worktops and counters comprises desk and table components and other particular surfaces such as writing boards.
- **OTHER** : Other furniture that is not part of any of the three main Valdelia families (fitting room, polling booth, etc.). This “other products” family is very small.

Information : If a product does not contain more than 50% of a majority material, it will be categorized as « others - no majority material ».
